FOR IMMEDIATE RELEASE

China Star Food Obtains Operating License for new Manufacturing Facility in Liangcheng

- Possesses 30,000 tonnes of production capacity
- Enable the Group to roll out new products with higher gross profit margin
- New plant to commence production in April 2017

SINGAPORE, 13 March 2017 – China Star Food Group Limited (the "Company" and together with its subsidiaries, the "Group") ("中国之星食品集团有限公司") is pleased to announce that the Group has been granted the operating license from Lonyan City Food, Drug supervision & administration bureau (龙岩市食品药品监督管理局) for its new manufacturing plant in Liancheng, China.

The manufacturing plant occupies 13,910 sqm plot of land in the Food Processing Zone of Liancheng Industrial Park with a lease of 50 years, and the Company has invested a setup cost of approximately RMB100 million. The new plant which operates under Fujian Zilaohu Food Co., Ltd has a production capacity of approximately 30,000 tonnes and exceeds the current combined capacity of the Groups' existing two factories. As disclosed in the Group's 3QFY2017 results announcement of 13 February 2017, the Group intends to relocate all its production operations to the new plant.

The commencement of the new factory's production, which is expected in April 2017 is another major milestone in the Group's development, and the new factory will enable the Group to introduce new products that command higher gross profit margins.
